A MESSAGE FROM CITY MANAGER, JOVAN D. GROGAN

San Bruno Community,

Wow, what a year!

From replacing aging sewer and water pipes in the Heart neighborhood to launching the Crestmoor Canyon Wildfire Mitigation Project, your City has been hard at work during the pandemic. Like all businesses, we had to rethink and retool how we serve our customers. Nearly all City services can now be accessed or scheduled remotely. And, the list of community meetings and events that were successfully modified or transitioned online since March is too long to list here.

Thankfully, the Bruno spirit has not been dimmed by COVID-19! If you participated in a virtual City program, volunteered to deliver lunches to seniors, or simply stepped aside to allow someone to pass from a safe distance, thank you! Remarkably, we seem to have grown closer while being socially distant.

As 2020 draws to a close, we have a lot to be thankful for. Perhaps most importantly, there's light at the end of the tunnel in the worldwide fight against COVID-19. Let's be comforted that improved therapeutics and vaccines have been developed, while also being mindful that we're closer to the half-way point in our recovery from COVID-19 than the end.

As you celebrate this holiday season and welcome 2021, I hope that you resist the urge to return to normalcy. Our individual sacrifices will affect our collective safety.

This is our second communitywide resource guide since the start of COVID-19. We hope you find it a benefit. The guide includes information and resources related to COVID-19, as well as an update on various City programs and services.

Wishing you a wonderful and safe holiday season.

Sincerely,

Jovan D. Grogan, City Manager

SAN BRUNO RECREATION AND AQUATIC CENTER PROJECT

PROJECT OVERVIEW

This project will replace both the existing recreation facility and pool facility built in the 1950s, to create one grand facility that will provide recreation space, aquatics, fitness room, community room, classrooms, and staff offices. As planned, the project includes the realignment of City Park Way, which relocates the parking near the drainage ditch in City Park. The drainage ditch is prone to flooding in heavy rains, causing major delays in City Park Way during wet years.

The new Recreation and Aquatic Center (RAC) project began through a \$50 million grant awarded to the City of San Bruno by the San Bruno Community Foundation as part of their strategic initiatives and Listening Campaign conducted in 2015. The project is broken into three phases: the conceptual phase, which was completed in 2018; the schematic design and construction drawings, which we are nearing completion in early 2021; and lastly, the two year construction process, which is expected to begin in 2021.

The new facility will be comprised of three primary sections including an aquatics center, a recreation center, and community room/classrooms.

PROJECT UPDATE

Although COVID-19 has slowed some activity, City staff and RAC project leaders have been working hard at finalizing construction drawings and applying for regulatory permits, such as those from the Regional Water Quality Board, the Army Corps of Engineers/NEPA and the California Department of Fish and Wildlife. Although staff originally anticipated construction to begin in early 2021, ensuring compliance with all regulatory permits has delayed the groundbreaking schedule. We anticipate that all regulatory permits will be awarded in the first half of 2021 and staff are preparing to be able to hold a ground breaking event within 4-6 weeks of acquiring the final regulatory permit.

While there are delays in the issuance of the regulatory permits, staff have built a schedule around being flexible in order to be ready to proceed once the permits are issued. For example, as part of the process, staff held a pre-qualification of general contractors. There are 6 contractors that have been pre-qualified that will receive the bid information to submit a formal bid to the City for this project. The project has also been divided into two phases: Phase 1 – Core structure (gym, indoor pool facility, fitness center, community room, and classrooms) and Phase 2 – Enhanced Community Facilities (outdoor pool and outdoor children's water play area). Timing on construction of Phase 2 will depend on final construction bids and available funds.

The total project budget is estimated at \$67.5 million dollars. The San Bruno Community Foundation has awarded a grant of \$50 million for the project. Staff will present a full funding plan to the City Council in early 2021 that includes the use of developer funded community benefit payments, park development funds and structured financing. This project is one that will benefit our community for our generation and future generations and we are working hard to ensure that what the community envisioned as a new Recreation and Aquatic Center early on in this process is what is delivered.

Next Steps

- City staff and project leaders will continue to pursue regulatory approvals.
- A Request for Proposals (RFP) for formal construction bids will be issued in early 2021.
- Finalization of the facility's Business Plan and present the final Plan to the San Bruno Community Foundation and City Council beginning in February 2021.
- Preparation of the final budget options and funding decisions by the City Council in February/March 2021.
- Continued community outreach in 2021 and throughout the construction process.

The City of San Bruno appreciates the continued partnership with the San Bruno Community Foundation to serve our community to make San Bruno a great place to live, learn, work, shop, and play!

CHIEF OF POLICE RYAN JOHANSEN

As we approach the end of 2020, most of our attention and concern this year has been appropriately directed at addressing the global health pandemic of COVID-19. This has been especially true for first responders, as continuing to ensure your safety and security while protecting ourselves and the public against the unseen enemy of viral infection can be exceedingly difficult. Words cannot express the gratitude that I feel toward each and every member of our community through these challenging times; not only for making our jobs easier by policing yourselves, but for your patience and support as we feel our way through the darkness. As I said in my video message to you all several months ago...I Love You...and I mean that!

I also want you to know that we absolutely have not forgotten about the calls for police reform that stemmed from the tragic killing of George Floyd. First of all, you should know that critical tools such as de-escalation, use of force training, early warning systems, body worn cameras and the banning of "choke holds" have long been in place here in your police department. But, we know that this is simply not enough.

As an organization, we are drilling straight down to the foundation, exploring and defining the most fundamental purposes for our existence as a police department. We are redefining our "Why" in the context of our role as Peace Officers, not Law Enforcers. Additionally, together with City Manager Grogan, we have initiated the Safe and Equitable Policing Review. This will include both internal and independent third-party review of our policing policies, procedures and practices, as well as a listening campaign to provide a consistent and ongoing voice to our community in helping to establish police priorities. Also, look for our Annual Policing Report in early 2021, providing a new level of transparency into what the policing landscape looks like in our City.

I am so grateful to serve each and every one of you as the Chief of your police department, and I am equally grateful to serve the exceptional women and men of the San Bruno Police Department as they work tirelessly and selflessly to deliver on our commitment to you: Ensuring Peace – Providing Safety – Building Community.

Happy New Year!

SAN BRUNO CityNet Services

INTRODUCING WHOLE HOME WIFI AND BUSINESSES, TOO!

As all of you have worked, played, learned, socialized and entertained yourselves from home, usage of CityNet internet and television services have more than doubled since the start of COVID-19. We're proud that CityNet has outperformed national statistics, which show that across the U.S. internet speeds have been dropped by an average of 40%. San Bruno's locally owned internet service has not experienced a reduction in internet speed because it has adequate capacity – due primarily to our systemwide router upgrade that was completed in 2019.

Among the many internet-based services that you use at home or in your business, nothing is more critical than having good WiFi coverage. To help you cover your home or business with better WiFi, CityNet Services is pleased to bring you a new enhanced WiFi experience. Contact us to learn more!

San Bruno CityNet Services is now taking orders for your **NEW** Managed Wi-Fi connection starting at \$10.95/month.

Call us today at 650.616.3100

Introducing San Bruno CityNet Services NEW Whole-Home Managed Wi-Fi!

It's small, stylish and packs a punch. The BLAST u4 router with Wi-Fi 6 technology combines blazing-fast speeds with whole-home coverage.

Features:

- Simple, clean design that looks great in any room in your home.
- Seamless, hassle-free connectivity for all your connected devices.
- Wi-Fi 6, the most advanced Wi-Fi standard available.
- CommandIQ App, the ultimate app that puts you in control.

What's included with Managed Wi-Fi?

- Blast u4 Router
- Remote Support
- Device Connection Assistance
- On-Site Support, if required
- Extended Whole-Home Coverage (add'l fees may apply)

PLANNING FOR THE FUTURE: SECURING OUR STORMWATER SYSTEM

While many City services are well known, others go unnoticed. One of the lesser known City services is our stormwater system – often forgotten, with improvements sometimes delayed due to budgetary constraints. Its more popular “cousins”, the water system and the sewer system, get all the attention. While they are important, our stormwater system needs some attention too.

For reference, our local water system is comprised of three separate utilities.

- **Potable/Drinking Water System (aka “water system”)**

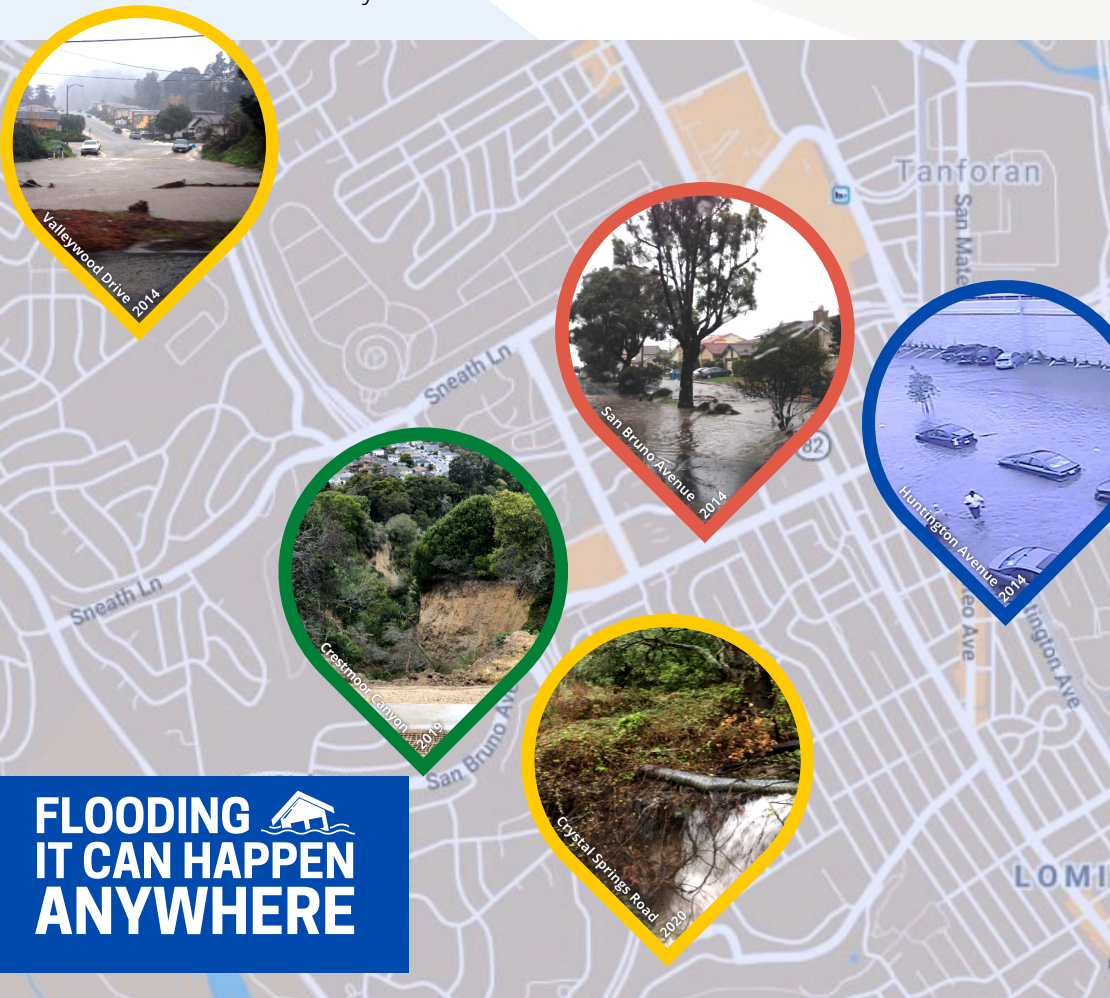

A network of pipes that delivers clean water to every home and business within our City.

- **Sewer System (aka “wastewater system”)**

A network of pipes that collects brown/used water and conveys it to our Water Quality Control Plant for treatment prior to discharging into the San Francisco Bay.

- **Stormwater System**

A network of pipes that collects rainwater runoff and conveys it to the creek prior to draining into the San Francisco Bay.

The City has successfully identified and begun implementing major improvements to the water and sewer systems. Unfortunately, the same cannot be said for stormwater. Notable stormwater system challenges have included:

- Stormwater pipe failure and landslide in Crestmoor Canyon in December 2019 (required declaration of a local emergency to expend \$1,020,000 to stabilize a portion of San Bruno Avenue);
- Discovery of a broken drain culvert near Crystal Springs Road in January 2020 (estimated to cost \$450,000 to repair);
- Undersized storm drain pipes on Spyglass Drive (an unfunded \$1,500,000 project); and,
- Long history of flooding during heavy rain events in the Downtown and other low-lying neighborhoods.

Like most problems, addressing stormwater issues early is less expensive than waiting for a significant failure. However, this can only be done with improved funding for the utility. Over the last year, the City has examined how to improve our stormwater system. The results are planned to be presented to the City Council during their January 12, 2021 meeting, which begins at 7:00 p.m.

RECREATION DIVISION

JANUARY EVENTS

Polar Bear Kerplunk **January 4-January 29** **Free**

5561.101 Join us virtually for the Polar Bear Kerplunk this January and help us fundraise for the Youth Enhancement Scholarship Fund! Participants will brave a chilled water balloon drop after collecting pledges all month and will earn different event swag and merits for each level of funds they collect. The larger your total pledge amount, the larger the "Kerplunk"! Balloon drop can be completed January 23-29. Send us a picture or video of your kerplunk to SBCS@sanbruno.ca.gov.

Collected pledge donations are due January 22. You may drop them off at the Recreation Center mailbox or mail to 567 El Camino Real, San Bruno, Ca 94066.

Virtual Talent Show **January 1-January 18** **Free**

3509.101 Dazzle us with a magic trick, stun us with your singing voice, inspire us with a written performance, or highlight another unique talent that makes you special. Register at sanbruno.ca.gov/recsignup, and then send in your 3 minute video to SBCS@sanbruno.ca.gov. Prizes will be awarded to talent in youth, teen, and adult categories.

FEBRUARY EVENTS

Father Daughter Dance Competition **February 1-27** **Free**

3507.101 Missing the annual Father Daughter Dance? Don't worry! Now is your chance to dance with your daughter and show all of San Bruno your moves.

Here's what you need to do:

1. Grab your favorite gal. Good news, no age requirement! Adult fathers and daughters can enter! Any male figure in the child's life is welcome to participate as well.
2. Choreograph a dance or wing it, whatever is your style.
3. Film your dance and submit to SBCS@sanbruno.ca.gov.

Entries will be posted on the Facebook event page. Dances with the most votes will win a prize. Everyone who registers and submits a video will receive a small gift to celebrate what would have been another amazing Father Daughter Dance.

RECREATION DIVISION

Valentine Cards to Seniors February 1-February 7 Free

3511.101 Bring joy to a senior during Valentine's Day by decorating a Valentine's Day card. Register online to pick up a themed supply kit to create your holiday card. Return to the Recreation Center by Wednesday, February 7 to be delivered to seniors Friday, February 12. Please do not seal envelope.

Remember to wash hands before making your card to help keep our seniors safe.

Valentine's Party in a Box February 11 & 12 Pickup \$20/box, serves 4

3512.101 Have a Valentine's Party with your immediate family with the Valentine's Party in a Box. Contents include Valentine's treats, crafts, and activities to help you have a Valentine's Party at home. Register online and pickup from the Recreation Center February 11 and February 12. Staff will contact participants to schedule an appointment time to pick up.

MARCH EVENTS

Run, Walk, Roll March 11-14 Free

3508.101 Run, walk, or roll through San Bruno.

Here's what you need to do:

1. Choose either the 1 mile, 3 mile, or 5 mile course.
2. Grab your family and run, walk, bike, rollerblade, or skateboard through the map.
3. Don't forget to listen to our custom playlist on Spotify.

Registration includes routes, event playlist, photo scavenger hunt, and participation certificate. First 100 to enter will be entered into a drawing to win a prize. Winners will be announced on our Facebook event page.

GREAT JOB SAN BRUNO!

This past July, the residents of San Bruno competed alongside 19 other cities and agencies throughout California in the **Agents of Discovery** "Parks Make Life Better" mobile gaming campaign to celebrate Parks & Recreation Month. Our secret agents were tasked with completing missions hidden within seven of our parks, and at the end of July, San Bruno came in first place by completing over 900 total missions!

Congratulations!

Always play with parental supervision and watch for hazards around you.

RECREATION DIVISION

TEEN/ADULT PROGRAMS

Chinese Martial Arts - Kung Fu & Self Defense

- City Park

In this class students will learn fundamental building blocks that will help develop skills required in more advanced levels of Kung Fu training. Beginner students will learn the origin of Chinese Martial Arts, customs and philosophies, and in turn develop a respectful attitude toward others and themselves. Students will learn basic stances, punches, footwork, practical self-defense techniques, and an external Kung Fu Northern Shao-Lin form or Tai Chi Chuan (Tai Chi for short) an internal Kung Fu style that has evolved into an excellent exercise form to help develop, maintain and improve coordination, stamina, flexibility, and balance. Adult students can choose to learn Tai Chi for good health maintenance. These classes are tailored to students of all ages and individual needs. Uniform and equipment may be purchased from instructor. Students signing up for Beginner 2 must have completed the Beginner 1 class and get permission from instructor

AllGood Driving School - online

4210.101 Internet Based Drivers Education

Driver education is a California required course for teens to receive a driver's license. It is the first step that must be taken so the teen can receive a driver's permit. Course work can be completed at any time of the day or night. DMV accepted completion certificates will be issued upon successful completion of the course. Class does not include behind the wheel driving. Once you register for the class, you will be notified by e-mail within 48 hours with an access code. You can register at any time and complete the course at the student's pace.

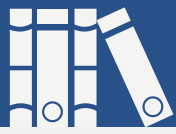

Ages 14yrs-18yrs \$40R / \$48NR

In-person program will follow all state and county health guidelines.

SENIOR LUNCH

Senior lunch delivery and pickup is available for seniors in need. Call the San Bruno Senior Center at (650) 616-7150. Please call 24 hours ahead to schedule your meal.
